To join our training session, register on the link below:

Tuesday 14th November - 2:45pm - 3:30pm

Clicker is the complete writing solution for the primary classroom, providing every pupil with just the right level of support and challenge.

Our Clicker universal licensing enables you to 'mix and match' depending on your school's set-up. Install Clicker 8 on your computers and use the Clicker Apps on your iPads and Chromebooks.

Our Clicker Basics videos will get you started using Clicker 8 (Win/Mac) and the Clicker Apps (iPad/Chromebook).

Our tutorials are a great place to find out more about the different features available.

"For me, the best thing about Clicker is how it increases writing confidence. He knows that if he goes wrong or gets in a muddle with his spellings, it doesn't matter because he can have another go and there is something there to support him and help him put it right."

- Anne Harris, SENCo,
St Joseph's Catholic Primary School

*"Clicker enabled students to produce writing that's a **threefold improvement** on what would have been achieved with pen and paper – there's no doubt that it has transformed the writing experience for them."*

– Pete Thomson,
Magill Primary School
