

FAMILIES FORUM

Especially for Parental Involvement Workers and other key staff in schools

Join us at Bradford Industrial Museum for a networking and information gathering event Friday 7 July 9.30am (10am start) till 1.00pm

Vicky Clifton will speak on behalf of **Campaign for Learning** *The Importance of Family Learning In Museums.*

50 things to do

Will introduce you to **50 Things to Do Primary**. This new resource is designed to enable children to

become increasingly independent in their own decision-making. Our goal is to help every child develop life skills and explore new interests, in the same way our **50 Things to Do Before You're Five** has been working over the past four years. By promoting local low cost and no cost activities, we are enabling all families to take part.

Skills for Work will talk about *Learning Opportunities for Parents and Carers.*

You will also have an opportunity for a guided tour of the museum and its highlights.

A light vegetarian lunch and refreshments will be provided. Please advise of any dietary requirements.

RSVP to Nicola Fox at nicola.fox@bradford.gov.uk by 30 June
