Table 5.1 Attitudes to Mathematics

If find maths easy I enjoy maths lessons I wish we had more maths lessons at school I wish we had more maths lessons at school I would like to do a job that involves maths when I leave school I would like to do a job that involves maths when I leave school I like playing with numbers and exploring patterns Y N I find mental arithmetic questions difficult to keep up with* Y N I feel ill when I know we are going to have a maths test* Y N I read do maths homework without any help I prefer to have an adult working with me in maths lessons Y N I like maths when we carry out investigations Y N I do maths at home with my parents Y N If get a sum wrong I want to know why I always try my best at maths even when it is difficult Y N I feel sick when it is time for a maths lesson Y N I feel sick when it is time for a maths lesson Y N I usually get the answers right Y N I usually get the answers right I often put my hand up in class to answer questions Y N I thick explaining my answers to others I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Maths is my least favourite lesson Y N Being shown different ways of solving a problem is confusing Y N I done think I am good at maths lesson is really helpful Y N I sometimes try to find ways of avoiding doing maths Y N I dread getting the results of a maths test me Anxious* Y N I dread getting the results of a maths test me Anxious*	I like doing maths	Y	N
I wish we had more maths lessons at school I would like to do a job that involves maths when I leave school Y N I mould like to do a job that involves maths when I leave school Y N I like playing with numbers and exploring patterns Y N I find mental arithmetic questions difficult to keep up with* Y N I feel ill when I know we are going to have a maths test* Y N I feel ill when I know we are going to have a maths test* Y N I read do maths homework without any help Y N I prefer to have an adult working with me in maths lessons Y N I like maths when we carry out investigations Y N I do maths at home with my parents Y N I do maths at home with my parents Y N I atways try my best at maths even when it is difficult Y N I atways try my best at maths even when it is difficult Y N I feel sick when it is time for a maths lesson Y N I usually get the answer sright Y N I often put my hand up in class to answer questions Y I think maths lessons are fun Maths is my least favourite lesson Y N I often find it hard to understand the teacher's explanation Y N Being shown different ways of solving a problem is confusing Y N Preparing for a maths test makes me anxious* Y N Preparing for a maths test makes me anxious* Y N Preparing for a maths test makes me anxious*	I find maths easy	Y	N
I would like to do a job that involves maths when I leave school I like playing with numbers and exploring patterns I find mental arithmetic questions difficult to keep up with* Y N I feel ill when I know we are going to have a maths test* Y N I can do maths homework without any help Y N I prefer to have an adult working with me in maths lessons Y N I like maths when we carry out investigations Y N Sometimes I find maths hard I do maths at home with my parents Y N If I get a sum wrong I want to know why I always try my best at maths even when it is difficult Y N I am worried about getting the answer wrong Y N I feel sick when it is time for a maths lesson Y N I usually get the answers right Y N I often put my hand up in class to answer questions Y N I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Maths is my least favourite lesson Y N Being shown different ways of solving a problem is confusing Y N I sometimes try to find ways of avoiding doing maths Y N Preparing for a maths test makes me anxious*	I enjoy maths lessons	Y	N
I like playing with numbers and exploring patterns I find mental arithmetic questions difficult to keep up with* Y N I feel ill when I know we are going to have a maths test* Y N I can do maths homework without any help I prefer to have an adult working with me in maths lessons Y N I like maths when we carry out investigations Y N Sometimes I find maths hard Y N I do maths at home with my parents Y N If I get a sum wrong I want to know why I always try my best at maths even when it is difficult Y N I am worried about getting the answer wrong Y N I feel sick when it is time for a maths lesson Y N I usually get the answers right Y I often put my hand up in class to answer questions Y I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Maths is my least favourite lesson Y N Being shown different ways of solving a problem is confusing Y N Preparing for a maths test makes me anxious* Y N Preparing for a maths test makes me anxious*	I wish we had more maths lessons at school	Y	N
I find mental arithmetic questions difficult to keep up with* I feel ill when I know we are going to have a maths test* Y N I can do maths homework without any help I prefer to have an adult working with me in maths lessons Y N I like maths when we carry out investigations Y N Sometimes I find maths hard I do maths at home with my parents If I get a sum wrong I want to know why Y N I always try my best at maths even when it is difficult I am worried about getting the answer wrong Y N I feel sick when it is time for a maths lesson Y N I often put my hand up in class to answer questions I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Maths is my least favourite lesson Y N Horien find it hard to understand the teacher's explanation Y N Having counting materials available in maths lessons is really helpful Y N Preparing for a maths test makes me anxious* Y N N N Preparing for a maths test makes me anxious*	I would like to do a job that involves maths when I leave school	Y	N
I feel ill when I know we are going to have a maths test* Y N I can do maths homework without any help Y N I prefer to have an adult working with me in maths lessons Y N I like maths when we carry out investigations Y N Sometimes I find maths hard Y N I do maths at home with my parents Y N If I get a sum wrong I want to know why Y N I always try my best at maths even when it is difficult Y N I am worried about getting the answer wrong Y N I feel sick when it is time for a maths lesson Y N My friends think I am good at maths Y N I usually get the answers right Y N I often put my hand up in class to answer questions Y N I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Y N Maths is my least favourite lesson Y N Being shown different ways of solving a problem is confusing Y N Having counting materials available in maths lessons is really helpful Y N Preparing for a maths test makes me anxious* Y N Preparing for a maths test makes me anxious*	I like playing with numbers and exploring patterns	Y	N
I can do maths homework without any help I prefer to have an adult working with me in maths lessons Y N I like maths when we carry out investigations Y N Sometimes I find maths hard Y N I do maths at home with my parents Y N If I get a sum wrong I want to know why Y N I always try my best at maths even when it is difficult Y N I am worried about getting the answer wrong Y N I feel sick when it is time for a maths lesson Y N I usually get the answers right Y N I often put my hand up in class to answer questions Y N I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Y N Maths is my least favourite lesson Y N Being shown different ways of solving a problem is confusing Y N I sometimes I try to find ways of avoiding doing maths Y N Preparing for a maths test makes me anxious*	I find mental arithmetic questions difficult to keep up with*	Y	N
I prefer to have an adult working with me in maths lessons Y N I like maths when we carry out investigations Y N Sometimes I find maths hard Y N I do maths at home with my parents Y N If I get a sum wrong I want to know why Y N I always try my best at maths even when it is difficult Y N I am worried about getting the answer wrong Y N I feel sick when it is time for a maths lesson Y N My friends think I am good at maths Y N I usually get the answers right Y N I often put my hand up in class to answer questions Y N I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Maths is my least favourite lesson Y N I often find it hard to understand the teacher's explanation Y N Being shown different ways of solving a problem is confusing Y N Preparing for a maths test makes me anxious* Y N Preparing for a maths test makes me anxious*	I feel ill when I know we are going to have a maths test*	Y	N
I like maths when we carry out investigations Y N Sometimes I find maths hard Y N I do maths at home with my parents Y N If I get a sum wrong I want to know why Y N I always try my best at maths even when it is difficult Y N I am worried about getting the answer wrong Y N I feel sick when it is time for a maths lesson Y N I usually get the answers right Y N I often put my hand up in class to answer questions Y I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Maths is my least favourite lesson Y N I often find it hard to understand the teacher's explanation Y N Having counting materials available in maths lessons is really helpful Y N Preparing for a maths test makes me anxious*	I can do maths homework without any help	Y	N
Sometimes I find maths hard Y N I do maths at home with my parents Y N If I get a sum wrong I want to know why Y N I always try my best at maths even when it is difficult Y N I am worried about getting the answer wrong Y N I feel sick when it is time for a maths lesson Y N My friends think I am good at maths Y N I usually get the answers right Y N I often put my hand up in class to answer questions Y N I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Maths is my least favourite lesson Y N I often find it hard to understand the teacher's explanation Y N Having counting materials available in maths lessons is really helpful Y N Preparing for a maths test makes me anxious*	I prefer to have an adult working with me in maths lessons	Y	N
I do maths at home with my parents If I get a sum wrong I want to know why I always try my best at maths even when it is difficult I am worried about getting the answer wrong I feel sick when it is time for a maths lesson My friends think I am good at maths Y N I usually get the answers right I often put my hand up in class to answer questions Y N I like explaining my answers to others Y N I get embarrassed if I answer a question wrong in class Y N Maths is my least favourite lesson Y N I often find it hard to understand the teacher's explanation Y N Being shown different ways of solving a problem is confusing Having counting materials available in maths lessons is really helpful Y N Preparing for a maths test makes me anxious*	I like maths when we carry out investigations	Y	N
If I get a sum wrong I want to know why I always try my best at maths even when it is difficult I am worried about getting the answer wrong Y N I feel sick when it is time for a maths lesson Y N My friends think I am good at maths Y N I usually get the answers right Y N I often put my hand up in class to answer questions Y N I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Y N Maths is my least favourite lesson Y N Having counting materials available in maths lessons is really helpful Y N Preparing for a maths test makes me anxious* Y N Preparing for a maths test makes me anxious*	Sometimes I find maths hard	Y	N
I always try my best at maths even when it is difficult I am worried about getting the answer wrong Y N I feel sick when it is time for a maths lesson Y N My friends think I am good at maths Y N I usually get the answers right Y N I often put my hand up in class to answer questions Y N I like explaining my answers to others Y N I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Y N Maths is my least favourite lesson Y N I often find it hard to understand the teacher's explanation Y N Having counting materials available in maths lessons is really helpful Y N Preparing for a maths test makes me anxious* Y N Preparing for a maths test makes me anxious*	I do maths at home with my parents	Y	N
I am worried about getting the answer wrong I feel sick when it is time for a maths lesson My friends think I am good at maths Y N I usually get the answers right I often put my hand up in class to answer questions Y N I like explaining my answers to others Y N I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Y N Maths is my least favourite lesson Y N I often find it hard to understand the teacher's explanation Y N Being shown different ways of solving a problem is confusing Y N I sometimes try to find ways of avoiding doing maths Y N Preparing for a maths test makes me anxious*	If I get a sum wrong I want to know why	Y	N
I feel sick when it is time for a maths lesson My friends think I am good at maths Y N I usually get the answers right Y N I often put my hand up in class to answer questions Y N I like explaining my answers to others Y N I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Y N Maths is my least favourite lesson Y O I often find it hard to understand the teacher's explanation Y N Being shown different ways of solving a problem is confusing Y N Having counting materials available in maths lessons is really helpful I sometimes try to find ways of avoiding doing maths Y N Preparing for a maths test makes me anxious*	I always try my best at maths even when it is difficult	Y	N
My friends think I am good at maths Y N I usually get the answers right Y N I often put my hand up in class to answer questions Y N I like explaining my answers to others Y N I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Y N Maths is my least favourite lesson Y N I often find it hard to understand the teacher's explanation Being shown different ways of solving a problem is confusing Y N Having counting materials available in maths lessons is really helpful Y N Preparing for a maths test makes me anxious* Y N	I am worried about getting the answer wrong	Y	N
I usually get the answers right Y N I often put my hand up in class to answer questions Y N I like explaining my answers to others Y N I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Maths is my least favourite lesson Y N I often find it hard to understand the teacher's explanation Y N Being shown different ways of solving a problem is confusing Y N Having counting materials available in maths lessons is really helpful Y N Preparing for a maths test makes me anxious* Y N N N N N N N N N N N N	I feel sick when it is time for a maths lesson	Y	N
I often put my hand up in class to answer questions I like explaining my answers to others Y N I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Y N Maths is my least favourite lesson Y N I often find it hard to understand the teacher's explanation Y N Being shown different ways of solving a problem is confusing Y N Having counting materials available in maths lessons is really helpful Y N I sometimes try to find ways of avoiding doing maths Y N Preparing for a maths test makes me anxious*	My friends think I am good at maths	Y	N
I like explaining my answers to others Y N I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Y N Maths is my least favourite lesson Y N I often find it hard to understand the teacher's explanation Y N Being shown different ways of solving a problem is confusing Y N Having counting materials available in maths lessons is really helpful Y N I sometimes try to find ways of avoiding doing maths Y N Preparing for a maths test makes me anxious*	I usually get the answers right	Y	N
I get embarrassed if I answer a question wrong in class Y N I think maths lessons are fun Y N Maths is my least favourite lesson Y N I often find it hard to understand the teacher's explanation Y N Being shown different ways of solving a problem is confusing Y N Having counting materials available in maths lessons is really helpful Y N I sometimes try to find ways of avoiding doing maths Y N Preparing for a maths test makes me anxious*	I often put my hand up in class to answer questions	Y	N
I think maths lessons are fun Y N Maths is my least favourite lesson Y N I often find it hard to understand the teacher's explanation Y N Being shown different ways of solving a problem is confusing Y N Having counting materials available in maths lessons is really helpful Y N I sometimes try to find ways of avoiding doing maths Y N Preparing for a maths test makes me anxious*	I like explaining my answers to others	Y	N
Maths is my least favourite lesson Y N I often find it hard to understand the teacher's explanation Y N Being shown different ways of solving a problem is confusing Y N Having counting materials available in maths lessons is really helpful Y N I sometimes try to find ways of avoiding doing maths Y N Preparing for a maths test makes me anxious*	I get embarrassed if I answer a question wrong in class	Y	N
I often find it hard to understand the teacher's explanation Parallel Properties of the second of t	I think maths lessons are fun	Y	N
Being shown different ways of solving a problem is confusing Y N Having counting materials available in maths lessons is really helpful Y N I sometimes try to find ways of avoiding doing maths Y N Preparing for a maths test makes me anxious*	Maths is my least favourite lesson	Y	N
Having counting materials available in maths lessons is really helpful Y N I sometimes try to find ways of avoiding doing maths Y N Preparing for a maths test makes me anxious* Y N	I often find it hard to understand the teacher's explanation	Y	N
I sometimes try to find ways of avoiding doing maths Y N Preparing for a maths test makes me anxious* Y N	Being shown different ways of solving a problem is confusing	Y	N
Preparing for a maths test makes me anxious* Y N	Having counting materials available in maths lessons is really helpful	Y	N
	I sometimes try to find ways of avoiding doing maths	Y	N
I dread getting the results of a maths test* Y N	Preparing for a maths test makes me anxious*	Y	N
	I dread getting the results of a maths test*	Y	N
