

## Help Design Airedale's New Hospital!

Calling **all children and young people** under 18  
who have experienced our Hospital Services!

Airedale is getting a **brand-new hospital** — and we  
want to make sure **it's designed with children and  
young people in mind**.

We are hosting an online chat for you to tell us what it's  
like when you visit the hospital and if there is anything  
we could do to make hospital visits and appointments  
better for you and your family.

We will be hosting the online chat on Saturday 18th October  
at 10:30am - 12pm

### How to get involved

If you'd like to take part, ask your  
parent or carer to complete the  
online form

Scan this QR Code to  
complete the form
