

Annual Exclusion Figures 2021/22

This report includes a three-year comparison of data from September 2019 to July 2022

Produced by Information Management Team and Exclusions Team

Education & Learning

Department of Children's Services

About the Bradford School Exclusions Team

The Exclusions Team is committed to supporting the inclusion of children and young people and preventing exclusion from school. This cannot be done in isolation, and we strive to develop and work in partnerships to achieve this and using data intelligently.

In the previous Annual Report, we discussed the commencement of 'Behind the Blade', a pilot project led by our Youth Justice Service (YJS) to support schools, help reduce the need for suspensions and exclusions, and support young people make safe choices connected to bladed articles or offensive weapons as this was identified as an area of high exclusions, as well as placing pupils at significantly increased risk of exploitation and further criminalisation. Individual referrals were offered a 1-2-1 knife crime awareness intervention programme, delivered over 3-6 weeks, to local pupils found to be carrying knives at school, or considered at risk of doing so, with participants also offered a certificated first aid training on completion. In response to requests from schools, the YJS also delivered assembly-based knife awareness sessions, in partnership with local police and health services. Both the 1-2-1 programme, and the school assembly sessions, have proved popular across the city. Data details a decline from 16 exclusions in 20/21 to 6 this year for bladed articles/offensive weapons. This partnership with our Youth Justice Service, police, school and education led to a submission to the Kathy Biggar Award by our Youth Justice Service as an outstanding initiative for Weapons Awareness Violence Reduction which was won. This is in addition to winning the Service Excellence Award in the category of Collaboration and Partnership.

Following a permanent exclusion an officer in the Exclusions Team will work with those involved to ensure that the statutory exclusion guidance is followed to **minimise disruption to a pupil's education so that exclusion from school does not mean exclusion from education.**

The Exclusions Team has the following responsibilities:

- Ensure that the Local Authority's statutory responsibilities relating to exclusion are met.
- Gives advice to schools, parents and carers and other professionals on statutory and non-statutory exclusion processes.
- Maintains an exclusions helpline 5 days per week.
- Provides statistical information to the DfE.
- Offers training to Governors and school staff on their statutory responsibilities connected to school exclusion.
- Offers advice to support schools in the use of alternatives to exclusion, such as a managed move, Pastoral Support Plan (PSP), phased reintegration and referrals to other supporting services.
- Reviews both suspensions and permanent exclusions.
- Advises and guides governors on all aspects of exclusion law.
- Attends permanent and over 15 days' suspensions Governing Board Meetings in maintained schools and where invited for Academy schools, as appropriate;
- Attends Independent Review Panel Hearings.

These responsibilities are derived from: *'Exclusion from maintained schools, academies and pupil referral units in England: Statutory guidance for those with legal responsibilities in relation to exclusion'* (DfE September 2017).

Officers dealing with pupil exclusions from school sit within Bradford's Children's Services and can be contacted for exclusion advice by emailing exclusionsteam@bradford.gov.uk or calling 01274 439333 / 432446 / 435293 to speak to an Exclusions Officer.

A Note on Permanent Exclusions

Bradford provides education from day six of a pupil's permanent exclusion at either Park Aspire (Previously call Park Pupil Referral Unit (PRU)) or at Bradford Alternative Provision (AP) Academy. Park Aspire was rated 'Good' by OfSTED in 2020, and Bradford AP Academy was deemed 'Outstanding' at their last OfSTED inspection in 2015.

The Exclusions Team, together with our AP and PRU providers, ensure that all of our permanently excluded pupils have provision on or before the 6th day after the permanent exclusion.

Bradford, like other areas, had seen a rising trajectory in permanent exclusions over pre-pandemic years. Permanent exclusions reduced during 2019/20 and 2020/21 possibly due to school closures or reduced onsite attendance related to the Covid-19 pandemic, and a continued commitment to inclusion and partnership working. Permanent exclusions have increased for 2021/22.

Notes on the Data and Approach Used in This Report

Schools emerged from the Covid 19 pandemic restrictions in the academic year 2021/22, thus comparing data to the previous two years needs to be viewed with caution as the past two years were unprecedented due to school closures and remote education.

The 2019/20 school year is not directly comparable to more recent or previous years, as there were no summer term 2019/20 permanent exclusions due to Covid-19 school attendance restrictions. Similarly, restrictions to attendance made in 2020/21 have impacted on exclusions made in the spring term.

To try and provide a more granular level of consistency that may be masked by reporting only on annual figures, the report (where appropriate) shows the data split by term as well as by school year. Where full academic year data is used (both in the narrative and supporting visuals), readers are requested to keep in mind the above caveat.

A notable consequence of splitting the data into terms is that the adding the pupil numbers across terms will not balance with the total figure reported for the year. This is due to the fact that the same child could be counted up to three times (once per term). However, this approach does allow for a clearer understanding of the number of pupils affected in each term.

The Exclusions data used in this report is taken from the Council's core education system which is updated with daily extracts from school MIS systems across the Bradford district. Please note, using live data has impacted on previously reported numbers due to technical issues with a small proportion of schools. January school census data is used to calculate the number of pupils on roll for Annex A and B. Regional, benchmark group, and national comparator data is taken from the *Local Authority Interactive Tool* (LAIT), published by the DFE throughout the year.

An expanded set of reason codes have been in place since 2020/21 to allow for an enhanced understanding of the reasons for exclusion, and to help support targeted interventions where appropriate: (PH) wilful transgression of protective measures; (LG) abuse against sexual orientation and gender; (DS) abuse relating to disability; (OW) offensive weapon or prohibited item. The 'Other' code was removed.

Permanent Exclusions

Please note that a school-level table of data related to Permanent Exclusions is provided in **Annex A** of this report. It is important to bear in mind that the data for 2019/20 will be incomplete due to Covid restrictions, and therefore any comparisons / trends should be considered with this in mind. Schools who did not issue any Permanent Exclusions in 2021/22 are listed in **Annex C** of this report.

Overall Numbers

- **Bradford has an increasing number of permanent exclusions**, from 55 (0.06%) in 2019/20 to 71 (0.07%) in 2021/22 (also expressed as a percentage of the school population). **Bradford's rate is slightly below the national, regional and statistical neighbour rates in 2020/21**, as shown in Table 1 and Chart 1.
- There were 71 permanent exclusions in 2021/22, a **45% increase from 2020/21**. Without the data for the 2019/20 summer term, it is likely that without the partial school closure the overall number for 2019/20 may have been considerably higher (Table 1). The school population increased by 0.8% between January 2021 and January 2022.
- Permanent exclusions within the Primary phase increased by 167%, from 6 in 2020/21, to 16 in 2021/22. **The 2021/22 total has increased and is now higher than the 13 exclusions seen in 2018/19.**
- **Permanent exclusions within Secondary Schools have also increased**, from 32 in 2020/21 to 45 in 2021/22 (a **40.1% increase**). Exclusions made in All Through schools were made in the Secondary Year Groups, and these increased from 8 in 2020/21 to 10 in 2021/22 (a 25% increase). Therefore, **the overall percentage change of exclusions made in the Secondary phase represents a 37.5% increase, and the total number of 55 exclusions in the Secondary phase exceeds the 47 seen in 2018/19.**
- **Exclusions for pupils with no previous suspensions** (see annex A) has increased by 71% in 2021/22, from 7 in 2020/21 to 12. "Drug and Alcohol Related" was the most prevalent reason for a permanent exclusion where there had been no previous suspension in the year (3 out of the 12).
- **77.5% of Bradford schools (110) issued no Permanent Exclusions in 2020/21** (See Annex A).

Reasons for Permanent Exclusion (Primary Reason: DfE Taxonomy)

The withdrawal of the 'Other' code in 2020/21 means that a more accurate representation for the reason a pupil was excluded is now possible.

- The top three reasons for permanent exclusion in 2021/22 (Table 2) are:
 - Persistent Disruptive Behaviour** (17 instances across all phases);
 - Physical Assault against a Pupil (15);
 - Physical Assault against an Adult (13).
- The most common reason given nationally in 2020/21 was Persistent Disruptive Behaviour, accounting for 29.7% of all exclusions made. Bradford had a smaller proportion of exclusions using this reason in 2020/21 (20.3%), though this has increased slightly in 2021/22 (23.9%).
- In 2020/21, Use/Threat of an Offensive Weapon was the most prevalent reason for permanent exclusions in Bradford (a rate of 27.1% compared to 10.5% Nationally). The number of exclusions for Use/Threat of an Offensive Weapon has dropped from 16 in 2020/21 to 6 in 2021/22, reducing the rate to 8.5%.
- The rate of drug and alcohol related exclusions made in Bradford in 2021/22 has halved in comparison to 2020/21 (4.2% compared to 8.4% previously), which is also lower than the 2020/21 national rate of 7.9%.
- The rate of exclusions relating to the physical assault of an adult has fallen again and accounts for 18.3% of exclusions made in 2021/22, which is still higher than the national rate of 11% in 2020/21.

Permanent Exclusion Cohort

- The highest level of exclusions was seen for pupils in **Years 8 and 9** during 2021/22 (17 excluded in each year). Year 7 pupils followed as the third most excluded group in 2021/22 (Table 3).

	Female				Male				Total

Table 3: Permanent Exclusions by Year Group and Gender – 2019/20 to 2021/22

- The number of Year 11 pupils permanently excluded has seen a significant decline since 2019/20 (Table 3).
- For every 1 girl excluded, approximately 4 boys were excluded** in 2021/22, which is above the 2020/21 national rate of 1 girl to every 3 boys (Table 3).
- There were no Children in Care to the Local Authority or Special School permanent exclusions in 2021/22. 3 Children with a Child Protection Plan and 6 Children in Need were excluded within the same period.
- Pupils receiving **SEN Support in school account for under half of the permanent exclusion group** in 2021/22, whereas they have accounted for over half of the group in the previous 2 years (Table 4).

	2019/20				2020/21				2021/22

Table 5: Permanent Exclusions by Ethnicity and % of No on Roll – 2019/20 to 2021/22

Permanent Exclusions in Schools

- Annex A shows the rate of permanent exclusions range from 0.06 (when expressed as a percentage of those on roll), to 1.14 in 2021/22.

Permanent Exclusion Notifications Withdrawn

- The Exclusions Team, in partnership with our schools, parents and other education partners supported in the cases of 13 pupils who were permanently excluded then had it withdrawn by the head teacher as other support plans could be delivered.

Pupils Reinstated by the Governing Board

- Two pupils were reinstated at the pupil disciplinary governor meeting.

Independent Review Panels

- Two families requested an independent review of the governors' decision, one of which was quashed by the review for Governors to re-consider and the other upheld.

Vulnerable Group Support

- The Exclusions Team with wider partners worked 44 cases connected to vulnerable groups (those in care to the authority, with an education, health and Care (EHC) Plan or draft EHC Plan) at risk of exclusion to support.

Suspensions (fixed period exclusions)

Please note that a school-level table of data related to suspensions is provided in **Annex B** of this report. It is important to bear in mind that the data for 2019/20 will be incomplete due to Covid restrictions, and therefore any comparisons / trends should be considered with this in mind. Schools who did not issue any Suspensions in 2021/22 are listed in **Annex D** of this report.

Overall Numbers

- **The number of suspensions within Bradford increased significantly in 2021/22 in comparison to the previous 2 years.** There was a slight increase from 4913 in 2019/20 to 5326 in 2020/21 (8.4% increase), to 11236 in 2021/22 (111% increase) (Table 6). The number of suspensions in 2021/22 is 70.4% higher than 2018/19 when there were 6594 suspensions seen.
- When looking at the rate of suspensions in relation to the school population, **Bradford's suspension rate has increased in 2021/22 by 42.4%.** For comparison, the published data for 2020/21 shows Bradford's suspension rate increase by 7.6% from the previous year.
- Spring term 2020/21 is highlighted red in table 6 to indicate when physical attendance restrictions in schools may have had an impact on suspensions, and grey for Summer Term 2019/20 which was when schools were closed to most pupils. For 2021/22, there was a higher proportion of suspensions in the Spring Term when compared to the 2 previous year's data.
- **The number of average days lost per pupil has increased** from 4 days in 2020/21, to 5 days in 2021/22.
- There is a continual decline in pupil's suspension durations of over 6 days being issues (see Annex B).

Chart 2: Suspensions as a % of Pupils on Roll – 2017/18 to 2020/21

Reasons for Suspension (Primary Reason: DfE Taxonomy)

- Overall, **'persistent disruptive behaviour'** remains the most prevalent reason for a suspension, followed by **'physical assault against a pupil'**.
- Reasons for suspensions differ across the school groups with 'physical assault against an adult' most frequently seen in the Primary and PRU groups, and 'persistent disruption' given most frequently in the Secondary phase and All Through settings (Table 7).
- All school groups, except for Special Schools saw an increase in the number of days lost to suspensions from 2020/21 to 2021/22 (Table 7).

	Primary				PRU				Secondary				All Through				Special

Table 7: Days Lost to Suspensions by school phase and primary reason – 2019/20 to 2021/22

Suspension Cohort

- Children with SEN Support (at the time of suspension) in 2021/22 lost 5.3 days to suspension**, compared to children with an EHCP losing 4.7, and children with no identified SEN losing 4.5 days (Table 8).

Table 8: Suspensions by SEND Status – 2019/20 to 2021/22

- While **boys** are approximately four times more likely than girls to be permanently excluded, this drops to **two times more likely for a suspension** (averaged across three years). When reviewed at primary and secondary level there is a **much higher likelihood that boys will be suspended for a fixed period than girls within the primary school group** when compared to secondary (Table 9).

Table 9: Instances of Suspensions by Year Group and Gender – 2019/20 to 2021/22

- Suspensions **have increased in 2021/22 for vulnerable pupils known to children's social care** across all three categories of vulnerability, particularly for the CIN cohort. The number of days lost to suspension for vulnerable children has increased from 4 days in 2020/21 to 5 days in 2021/22 (Table 10).

		19/20	20/21	21/22	Trend
Children in Care - CiC	Days Lost	319.5	339.5	395
