

We are family
BORNINBRADFORD

BiBFest 2019

**September
27th 2019**

**10am – 4.30pm
Salts Mill, Saltaire, Bradford**

Born in Bradford is one of the largest research studies in the world, tracking the lives of over 30,000 Bradfordians to find out what influences our health and wellbeing.

Join us for our 8th scientific festival in Salts Mill where we will share exciting new findings about how our society, our lifestyles, our genes and our environment shape our lives.

This is a festival for families, practitioners, policy makers and researchers.

We would love you to join us!

BOOK YOUR PLACE: BIBFEST2019.EVENTBRITE.CO.UK

The day will be filled with a host of activities about the wonderful world of BiB. Come and enjoy sessions discussing our findings, interactive stands, videos and posters and music, singing and dancing from Bradford Friendship choir to celebrate the BiB family.

SESSIONS INCLUDE:

- Tackling Inequalities
- Preconception: the left left shift
- Genes and health
- Improving mental health in Bradford
- Why did we collect biosamples in BiB?
- Diet and nutrition in the early years
- Physical activity in children
- How environments influence our health
- How (BiB) data saves lives
- Breaking down the silos between health and education
- Supporting science to improve the health of Bradford
