

# Building Connections and Collaborative Approaches to Supporting Families

## Our Purpose

The workshop will provide an opportunity for the new area based Family Hub Service staff, local family support practitioners, partners and voluntary sector representatives, who are involved in supporting local families to meet and learn more about each other. The sessions are aimed at providing practical steps and strategies that will help in informing and developing community practice. The sessions will also demonstrate how to identify opportunities to connect and develop effective and collaborative approaches in order to join up targeted support for families who need it.

## Who the workshops are for:

Family Hub Service Staff, Community & Voluntary sector representatives, Service Partners, Health Practitioners, Health Visitors, Schools, School Nurses, Youth Workers, Police Officers (NPTs), Volunteers and anyone with an interest in improving locally based family support

Events are being held across the District, to find out more information, please see overleaf.
