

Primary School Teachers - Brush up your Language Skills

If you need to refresh your skills ready for curriculum changes in September, Shipley College can help.

Shipley College has developed refresher French and Spanish courses, plus Beginners Hungarian and Romanian courses for primary school teachers.

These 6 week part-time courses will help develop your basic language skills, increasing your confidence to teach languages in the classroom. Each session is for 2 hours, so overall you will have 12 hours of intensive learning.

Classes start week commencing 9th June and will be held from 4.30pm-6.30pm Mondays and Wednesdays.

Our classes are friendly and supportive. All teachers who complete the course will receive a Record of Achievement. The cost of each course is £90.

Discounts are available for multiple bookings from the same school.

If you are interested in these courses or require any further information, please contact Anne Rowe on 01274 327254.

Other modern European languages such as German and Italian can also be catered for. Please ask on enquiry.
