From the following sectors: School Nursery and Reception Classes; Private Day Care Nurseries; Pre-schools and Children's Centres

### Session Description

The Early Years Leaders Briefings form part of the Local Authority's role to support the provision of high quality services across schools and settings in the district, contributing to raising standards and 'narrowing the gap' for our children and young people. These sessions provide a forum for Early Years Leaders to find out about relevant local and national developments and to reflect on current issues within the sector.

Our latest publication will be available for all participants at the briefings.

One of the items on the agenda is how we can work together across the coming year.
