

We are True Education Partnerships, the most trusted provider of immersive education experiences between the UK and China.

We provide a range of tailored, trusted discovery and engagement projects, including student hosting, student exchanges and much more, to create strong and lasting partnerships and unleash new opportunities.

Our goal is to support schools, students and communities to become globally connected, to benefit as individuals and networks, and to achieve short and long-term goals through structured and supported partnerships.

Our SISTER SCHOOL PROGRAM is pioneering a bold and visionary approach to immersive learning.

The aim is to develop a long-term sustainable relationship with educational partners. We do this through student trips that teach 21st-century global skills, widen horizons and broaden each pupil's future with opportunities that they would otherwise never know about.

This partnership starts with a Headteacher Delegation trip to meet and forge a strong relationship with the sister school. This is followed by a variety of activities, among them student exchanges, hosting students, Mandarin teaching and sharing educational practices, all acting as a foundation on which to build and promote internationalism.

Interested? Contact us to arrange a meeting or to find out more information:

- 📞 0151 708 8695 or
