### Introducing our CK Concept brand!

Say hello to our new CK Concept brand! Brands have been rolling out and more are expected, among FM's Secondary school operations. This concept offers a range of brand new products, including the sub brands falling under this new secondary brand under FM. Under the range are our sub brands for each service counter; CK Dogs, CK Pots, and many more coming soon. This brand brings fun not only with the brand itself, and the bright and colourful marketing but also with the exciting new food products available!

## Tree Planting at OLV, Keighley

In April 2023, a tree planting session took place at OLV, Keighley, just one of the many schools involved in the programme, Trees for Schools. The campaign is run by Trees for Cities, who aims to plant a tree for every primary aged school child in the district over the next 2 years. **That's 55,000 new trees planted!** This is an important initiative when it comes to creating a healthier city for children growing up in an urban environment. Let's create a better and cleaner future for the younger generation!

## Theme Day Pick!

FM's teams have carried out some great theme days across the district with our theme kits! These images are from St Francis Catholic.

Thank you – or grazie - to the staff for sending these photos!
