# ABOUT

The Bradford district and Craven health and care careers fair is for students aged 13 to 18 years old (years 9 to 13). It will give them information about careers and opportunities in health and care, as well as help schools support the Personal, Health, Social and Citizenship (PHSCE) curriculum.

It is a fantastic opportunity for students to find out about the wide range of careers available - from those involving direct care such as social workers, operating theatre staff, doctors and nurses through to business and support roles. It's all about helping students discover the right options for them.

Students will get the chance to speak to people who work in health, care, voluntary and independent care organisations about their role and career; and the skills, grades and qualifications needed. Where possible, exhibitors will also bring along a trainee, apprentice or somebody who is new to the role to talk to students about their experience.

As well as the main careers fair, there will also be a number of practical workshops, health and wellbeing information and support for young carers.

Date: Wednesday 4 March 2020

There are two sessions available:

Morning session: 9.30am - 11.45am

Afternoon session: 12.30pm - 2.45pm

To book your **FREE PLACES**, please visit:

# PSCHE

One of the aims of the careers fair is to support young people to make informed choices, be enterprising and ambitious.

The fair and the interactive workshops align to the PSCHE core themes.

Health and wellbeing:

- maintaining physical, mental and emotional health and wellbeing
- making informed choices about drugs, alcohol and tobacco, diet, physical activity and sexual health
- how to respond in an emergency, including first aid.

Relationships:

- developing and maintaining a variety of healthy relationships, and recognising and managing emotions
- dealing with risky or negative relationships including bullying, abuse and online encounters.

Living in the wider world:

- making informed choices and being enterprising and ambitious
- developing employability, team working and leadership skills
- living safely, including online safety and financial responsibility.

**Planned workshops include:**

- Bradford Encouraging Exercise in People (BEEP)
- drugs and alcohol
- emotional and mental health and wellbeing
- first aid and CPR
- sexual health
- interview skills and CV writing
- online safety.

# CAREERS

The careers fair will include:

- dental
- medical
- healthcare sciences
- pharmacy
- psychology
- social work
- public health
- nursing (including midwifery)
- allied health professions
- support roles and administration
- wider health and care team
- emergency (including the ambulance service)
- roles in voluntary and independent care organisations.

The fair will also help students learn about:

- employability
- health and wellbeing
- further opportunities for gaining experience (including volunteering).

And much more!
