

The Investors in Pupils online Self-review is now **LIVE!**

INVESTORS IN PUPILS

*Investors in Pupils is an established national quality mark to recognise, develop and extend effective **pupil voice participation and leadership** in schools and education settings across 5 key areas of **Learning, Induction, Behaviour, Attendance and Classroom Management**. Since 2000, over 500 schools in 50 UK LA's have achieved this accreditation.*

"Having been externally accredited twice, and recognising the value to our children, we were delighted with the introduction of this online 'self-review' as it allowed us to continue our Investors in Pupils journey. The process was simple, straightforward and easy to use and we are all very proud and happy with the outcome of our self-validation".

J Willows. Headteacher, Newlaithes Infant School, Feb 2018.

Self-Review

The self-review certificate is valid for two years and schools can consecutively self-validate twice i.e. 4 years maximum, before requiring an external assessment visit.

Self-Review Plus

Within 12 months of self-validation, an external Assessor visits to verify submission. Successful schools receive a plaque and gain a further year of accreditation (3 years total).

*N.B. Any option that includes external assessment is only currently available within the U.K.

**Stand-alone External Assessment (minus self-review) continues to be available.
