2. Specific purpose(s) for which the data sharing is required (all intended purposes should be described; it may be appropriate to describe each one on a separate pro forma)

To enable the effective sharing of necessary information between Bradford LA maintained schools, academies and free schools (referred as 'Schools' below) and City of Bradford Metropolitan District Council (CBMDC) in the conduct of the Council's statutory and core services to children and schools. The sharing of agreed information will promote and maintain positive working relationships between the school, City of Bradford Metropolitan District Council, Bradford Children and Families Trust and other relevant parties to ensure positive outcomes and services for all school age children across the district. It will help maintain the quality of school data and help to reduce the administrative burden on schools as data will only need to be inputted once by the

school but used many times as necessary by City of Bradford Metropolitan District Council services in support of the outcomes for children and young people.

The information shared will support schools to ensure the accuracy of their statutory data returns while assisting Children and Young People's Services and professionals within City of Bradford Metropolitan District Council to fulfil their statutory duties as well as best practice in the promotion of outcomes. The information shared will also be used to support and inform strategic planning across Bradford District in meeting the needs of children and young people as well as to support educational establishments to fulfil their roles and responsibilities.

The City of Bradford Metropolitan District Council will notify the School if they become aware of any identified inaccuracies in the data they receive to ensure that data held by both parties is accurate and up to date. The City of Bradford Metropolitan District Council will also make the data available via data analysis to Children and Young People's Services professionals within the City of Bradford Metropolitan District Council. The data is held on secure servers, only accessible by authorised staff. The data is held on a central pupil database which is only accessible by authorised staff, password protected and subject to an acceptable use policy at every log-in.

The City of Bradford Metropolitan District Council will share data with other parties, in compliance with relevant data protection legislation, in order to fulfil its statutory duties in regard to the education and welfare of all children and young people for whom they are responsible:

Safeguarding, SEND and vulnerable Children

1. Unique Pupil Number (UPN) will be shared with Children's Social Care to enable identification of vulnerable cohorts.
2. Incidences of domestic violence and associated pupil and family data are shared with the schools that those children attend.
3. Data is shared with Schools, Health, the Police, HMRC, DWP, Border Force, Revenue and Benefits, Bradford Children and Families Trust and other Local Authorities for the purpose of identifying children defined as Children Missing Education (CME).
4. Data will be shared where children apply for a performance licence in relation to Child employment and entertainment in line with Education Safeguarding responsibilities.
5. Pupil level data will be shared with Bradford District Care NHS Foundation Trust to support the seamless provision of health and social care services for children and young people aged 0–19. The relevant categories of data, purposed of processing, lawful basis and categories of recipients will be communicated through appropriate privacy notices.
6. Educational Psychology reports are shared with the school that child attends and any other schools or education providers where the child may attend in the future. Additionally, they will be shared with services who are part of supporting the child's SEN such as health and social care services.
7. Data will be shared to support schools to better understand and meet the needs of children and young people with Special Educational Needs and Disabilities (SEND), as well as those vulnerable to suspension and exclusion, supported by the Specialist Teaching and Support Service (STASS).
8. The Exclusion Team will share pupil information on SEN status, past suspensions, school history and attendance with the identified Alternative Provision who will be educating and supporting that pupil for those who the team receive permanent exclusion notices from the school. This is to allow the Alternative Provider to understand and plan to support the pupil from day 6 of the exclusion for all pupils who are excluded.
9. As part of the EHC Needs Assessment and Review process, information will be shared by SEND services with current and potential future schools and across appropriately involved services including health services and social care services.

10. When accessing support from Bradford's Preventative and Inclusion Taskforce (BPIT) via Bradford's 3-Tier AP Model, data will be shared with schools and the commissioned Alternative Provision Provider, Exceed Academies Trust and any services supporting outreach, to support the delivery and evaluation of BPIT. This includes the sharing of student personal data (e.g. name, date of birth, UPN, postcode, pupil premium and SEN status, attendance, exclusion status) and staff contact details, to enable effective triage, intervention planning, and outcome monitoring. The legal basis for this data sharing is Article 6(1)(f) of the UK GDPR, as it is necessary for the legitimate interests of the parties in supporting vulnerable pupils and preventing exclusion. Data is also shared from placement at AP and pathways on excluded pupils to ensure adequacy of AP and specialist placement planning.
11. Chapter 8 of the SEND Code of Practice (2015) focuses on "Preparing for Adulthood from the Earliest Years" and plays a key role in supporting transition planning and the coordination of Education, Health and Care Plans (EHCPs). As part of this process, data and information from relevant assessments will be shared between the SEND team and Adult Social Care to help identify the relevant cohort of pupils and ensure a joined-up approach to planning and transition support.

Sufficiency, commissioning and research

12. Data is shared with schools for the purposes of school admissions.
13. Shared with the NHS for the purpose of informing and planning for future services, and to commission and monitor health services.
14. Data is shared with Bradford Teaching Hospitals Foundation Trust to support the Born In Bradford and Connected Bradford programmes. Data will only be shared with Bradford Teaching Hospitals Foundation Trust.
15. Summary school census data (pupils on roll by National Curriculum Year) will be shared with other Local Authorities for the purpose of ensuring there are adequate school places available for the future.

Funding, performance and accountability

16. Internally for statistical analysis to support service provision across the council.
17. Data from the school census is also be used by CBMDC for the purposes of determining the school's budget allocation, based on the Council's school funding formula. The composition of this formula and the definitions of the data used in it, are published and changes are subject to consultation with the Schools Forum.
18. Released in response to Freedom of Information requests in accordance with the Freedom of Information Act 2000.
19. Information will be processed by the National Consortium for Examination Results (NCER) and their Nexus and Perspective Lite systems, for the statutory key stage collections and the reporting and analysis of pupil data to aid school effectiveness and improvement.

Employment and Skills

20. Data is shared internally to support the local authority's statutory duty in relation to education, employment and training, under the [Education Act 1996 \(Section 15ZA\)](#), i.e. that Bradford Local Authority "*must secure that enough suitable education and training is provided to meet the reasonable needs of (a) persons in their area who are over compulsory school age but under 19, and (b) persons in their area who are aged 19 or over and for whom an EHC plan is maintained.*" This includes the commissioning and delivery of education and training provision for young people, promoting the participation of young people, and tracking and supporting young people's activity. The LA has a duty to the identify young people at risk of, or not participating in education, employment or training ("NEET") with a particular focus on young people with specific vulnerabilities, i.e. those with

special educational needs and/or disabilities, care experienced young people, etc.

21. Data is shared internally to populate a Risk of NEET Indicator tool that allows the council to fulfil its duties outlined above in terms of identifying young people at risk of becoming NEET. This relates to the council's statutory duties outlined here:

<https://www.gov.uk/government/publications/participation-of-young-people-education-employment-and-training>

22. Data is shared with the Careers and Technical Education Partnership (CTEP) for the purposes of: (a) monitoring the participation of children and young people in the delivery of curriculum support and careers advice and guidance; (b) informing and shaping the partnership on the curricular needs of schools, and other education and training providers; and (c) tracking the progress of students through their chosen educational pathways. Relevant individual data, including some data on qualifications attained, is uploaded on to a Customer Relationship Management (CRM) database which allows authorised users to access the database and data for student, school and business engagement as appropriate to their needs and at an appropriate level of aggregation. The CRM system is provided by Alcium. In addition, names, school attended and email addresses of students who achieve digital badges following engagement with the service is uploaded into Navigatr.

Accessibility and Curriculum support

23. Information will be shared with the West Yorkshire Combined Authority for the purpose of providing eligible children with travel passes and appropriate travel assistance.
24. Information will be shared with Passenger Transport Services (PTS) and their taxi operators for the purpose of providing eligible children with safe and appropriate travel assistance.
25. Data is shared with schools and Windstruments, who are contracted by the Music and Arts Service for the purpose of delivering music lessons to children. UPNs are shared with Young Sounds UK relating to pupils accessing funding support through the Connect Programme and Musical Opportunities Pilot as a part of the funding requirements.

The City of Bradford Metropolitan District Council will not use collected information from your school for the purposes of marketing without specific written permission from the school beforehand. Nor will City of Bradford Metropolitan District Council share data with any other external group or company unless legally obliged to do so (or to ensure the safety and wellbeing of children and young people).
