

# Perspective Lite Guidance

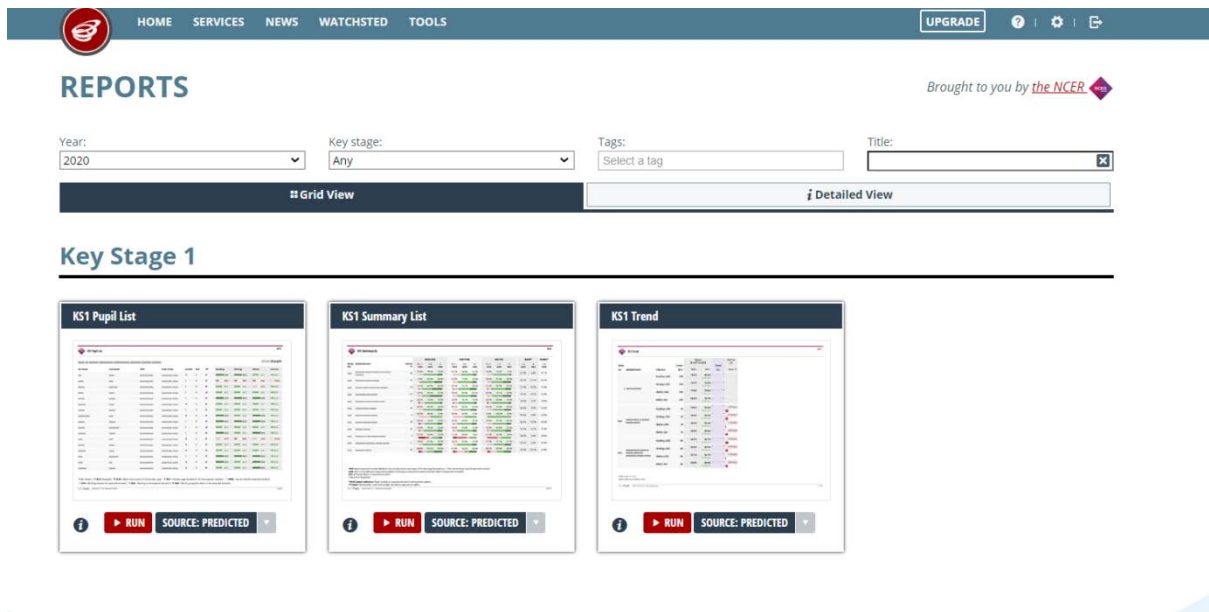

After logging into your schools [Perspective Lite](#) account, select one of the options within the highlighted section as per the image below to access the analysis for your school.

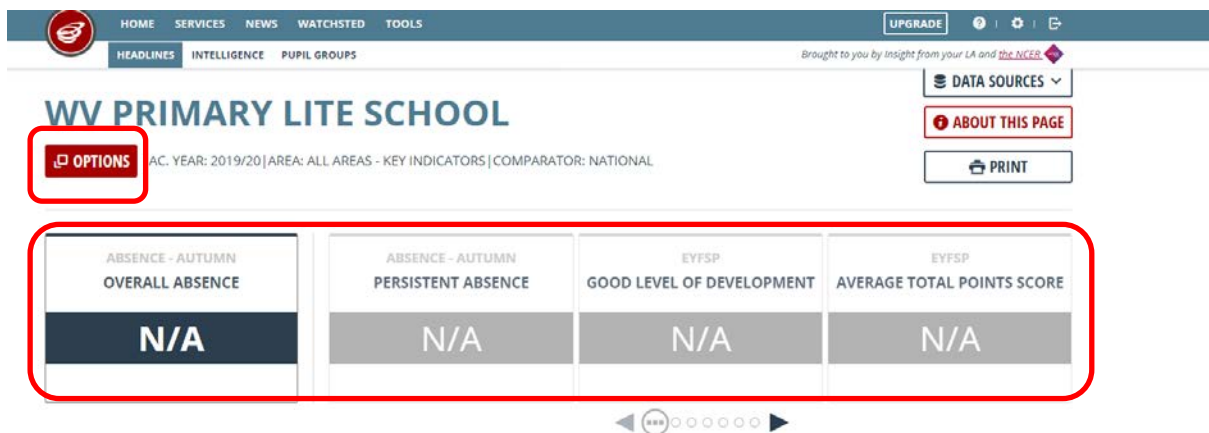

The **Documents** section will look similar to the image below. This will contain several PDF files for each Key Stage your school submitted predicted outcomes for. Analysis is provided for all pupils, boys and girls.

The **Reports** section will look similar to the image below. This section allows you to select from a predefined list of reports that can be customised using multiple filters and aggregation options.

The **Analysis** section will look similar to the image below. This section provides visual, informative and insightful analysis for your school that can be accessed by selecting the various options as highlighted by the red box.

Additional guidance for using Perspective Lite is available [here](#).
