

Pricing:

Annual Charges

Our pricing model consists of a fixed cost per type of school, in addition to a unit cost per pupil (as at the Autumn School Census).

Pricing Structure						
	Nursery	Primary	Secondary	Through	Pupil Referral Unit (PRU)	Special
Fixed Cost	£200	£500	£400	£800	£0	£0
Pupil Cost	£0.50	£0.50	£0.50	£0.50	£0.50	£0.50

For example, a Primary School with 400 pupils will be charged £700.00:

Fixed Cost: £500

Pupil Cost: 400 x £0.50 = £200

Analysis to support Multi Academy Trusts and School Partnerships

We can also aggregate our data by Multi Academy Trusts and School Partnerships (only for schools in the Bradford district) and provide the following easy to use analysis:

- Census Summary Dashboards
- Summary Dashboards by Primary and Secondary phases
- End of Key Stage reports for:
 - Early Years
 - Phonics
 - Key Stage 1
 - Key Stage 2
 - Key Stage 4
 - Key Stage 5

For this service we charge a fixed cost of £400. A current subscription is also required for all schools.

More information and to subscribe

To subscribe please complete the agreement form provided on BSO or request one from IMT-Traded@bradford.gov.uk.

For more information please contact Jonny Trayer on 07582 102600 or email jonny.trayer@bradford.gov.uk

April 2018

Information Management Team (IMT) Traded Service Offering (SLA)

The Information Management Team (IMT) provides an effective and efficient data and analysis service to nurseries, schools (including Academies and Free Schools) and Multi Academy Trusts/School Partnerships.

The IMT employs highly skilled data and analysis specialists who provide timely, accurate and useful data and analysis to support school improvement through a highly regarded website, Bradford Schools Online (BSO).

This leaflet explains the services, benefits and costs of subscribing to the IMT traded service offering and why it is such a valuable service to schools.

Why subscribe to the IMT?

- Over the last 9 years, the IMT has built up a solid reputation for providing timely and useful data and analysis that meets the needs of Bradford's schools.
- We have a proven track record of delivering data and analysis significantly earlier than other data suppliers.
- The IMT have close working relationships with the DfE, and are recognised for being innovative and accurate by providing a key role in the development of the DfE statistical publications and quality assurance.
- It is more cost effective to produce standard analysis for all Bradford schools, instead of schools commissioning their own analysis.
- A customised school summary evaluation report is included in addition to detailed analysis for each Key Stage.
- Few other providers will be able to provide detailed analysis for all schools and the local authority before the summer holidays for primary Key Stages.
- Collaborative working with other Local Authorities allows for indicative progress analysis, significantly earlier than DfE publications.
- We are local, approachable and understand the needs of our schools.
- We can offer additional services that meet the needs of our schools, for example school visits, specially commissioned analysis and training.

Purchasing the IMT Traded Service gives you access to:

Standard Reports offering a range of easy to use analysis that provide an effective way of reviewing school and LA performance, and identifying areas for improvement including:

- Census Summary Dashboards
- Summary Dashboards by Primary and Secondary phases
- End of Key Stage Reports and Contextual analysis for:
 - Early Years
 - Phonics
 - Key Stage 1
 - Key Stage 2
 - Key Stage 4
 - Key Stage 5
 - Progress

These reports and dashboards are useful when sharing information with governors and Ofsted.

Deeper Data which has been updated and now allows you to analyse, interrogate and export end of Key Stage data and the ability to compare with other Bradford schools' outcomes for the whole school or vulnerable groups. Deeper Data allows you to filter in any combination: gender, PP, SEN reason & type, ethnicity, mobility, level of attendance, EAL etc.

The Data Dashboard bringing together a range of reports to help schools and officers. The reports include comparisons across all Bradford schools, LA level results and comparisons against the LA's Statistical Neighbours.

Key Data - the headline data for a school. It provides an important starting point when looking at your school's data as it includes, where available, Bradford and National averages for comparative purposes.

Perspective Lite providing early access to Early Years, Phonics, KS1 and KS2 analysis in June/July, which includes the emerging national averages.

Census Analysis spanning a 5 year period that is useful to demonstrate how the contextual makeup has changed over this period and in year. Comparisons can be made to other schools, the LA and Wards.

Pupil Results Finder allowing you to enter a UPN (or a block of UPNs) to get all available assessment outcomes and, if selected, associated contextual data. NB *This only works if the child has previously attended a Bradford school.*

Our Commitment to you:

Early access to data

We will ensure that EYFSP, Phonics, KS1 and KS2 analysis is available on BSO before the end of the summer term.

Secondary KS4 and KS5 analysis will be available once it has been released to us by the DfE in October.

Up to date information

The quality and accuracy of End of Key Stage data improves over time, therefore we regularly update our analysis when new data becomes available.

Personal service

You can contact us by phone, email or even visit us. We are also happy to visit you.

Training

Access to training is included as part of our Traded Service offering.

Enquiries are welcome to explore what is on offer.

We collect the data

We collect most of the statutory returns, therefore we have access to it before the DfE and can report it much faster. Using our analysis can also help you spot problems with the data you have submitted, so that it can be corrected prior to it being submitted to the DfE.

Customised Analysis*

If you require a specific piece of analysis that isn't already provided through the offer and tools on BSO, we will be happy to provide this for you.

Knowledgeable

We attend national conferences and have partnered with Yorkshire & Humber and North West LAs to ensure that we stay up to date with all the latest developments in the world of education.

Access to National Data Systems

We subscribe to FFT Aspire and are members of NCER (National Consortium Examination Results).

Safe and Secure

BSO uses the latest encryption and security, therefore we are confident that your data is secure.

BSO also allows different levels of user access meaning that you can safely give governors access to some of the data!

Everything in one place

BSO is a one stop for schools. In addition to data and analysis, BSO provides news and useful information, contact information and the School Closure system.

* Might incur additional charge
