

Your chance to get an overview of the new FFT Aspire...

Date: Wednesday 5th November
Venue: Conference Room D, Future House, Bolling Road, Bradford, BD4 7EB
Time: 1st session: 9am - 12pm (ref: FFT14F/01)
 2nd session: 1pm - 4pm (ref: FFT14F/02)

FFT Aspire is the new reporting and data tool for schools, LAs and Academy Trusts.

FFT Aspire provides key target setting and self-evaluation information using the latest curriculum and accountability measures – ideal for in-depth planning, analysis and preparation for Ofsted and Estyn inspections.

FFT Aspire is visual and user friendly, presenting complex data in a way that can be easily understood and interpreted. FFT Aspire helps and enhances the roles of key staff, from teachers and assessment co-ordinators to data managers and senior leaders.

The screenshot displays the FFT Aspire interface with the following components:

- Navigation:** Milton Valley Secondary, Subject dashboard, English Language
- Filters:** Year 11, KS4, Filters
- Summary Metrics:**
 - 142 pupils
 - 9 targets set
 - 8 targets reviewed
 - Average: 50 (High: 20, Very high: 5)
- Pupil View (ALEX ALMOND):**
 - Attainment:** Avg, Read, Write, Maths
 - FFT Benchmark:** Based on Average challenge setting. FFT 50 grade. Risk of lower grade: 19%. Chance of higher grade: 34%.
 - Target Setting:** Target grade: C. How likely, FFT 50: 81%. How likely, my school: 81%. Target reviewed?: X

This session will provide you an overview of the following modules:

Target setting

A personalised approach to pupil achievement – whether you're setting targets for individual pupils, subjects, departments or your whole school, our target setting system has been updated to **allow schools to set, record and review aspirational targets for students.**

Self Evaluation – the SLT Dashboard and the new Subject Dashboard

The new range of FFT Self Evaluation Dashboards are **interactive and visual**, using a range of simple bar charts, line graphs and tables to help you to analyse data quickly and easily.

Governors Dashboard

The FFT Governor Dashboard, developed in partnership with the National Governors' Association and the Wellcome Trust, provides a range of information to **help governors support and challenge** the school leadership team.

Student Explorer

Student Explorer gives you **instant access to a wealth of information** including all past test results, attendance, school moves and whether pupils have been entitled to Free School Meals (FSM), allowing you to inform your target setting for reports at every Key Stage.

Collaboration

With FFT Aspire's Collaboration module, **subject leaders can securely share school level performance data to support collaboration**, networking and sharing of best practice, with the option to share dashboards with other schools.

Data Integration

Our new data integration function within **FFT Aspire allows you to import new students, subjects and teaching group information from your MIS** to get immediate access to FFT benchmarks for all your pupils. So by putting you in control of your target setting management, FFT Aspire will allow you to produce tailored benchmarks and targets for your pupils and your chosen subjects.

Looking forward to meeting you!
