

Aspire to Achieve

Conference for Secondary Schools

Following on from the success of FFT's first national education conferences for secondary schools in 2014, we are delighted to announce Aspire to Achieve 2.

Tuesday 10 November, 2015
Congress Centre, London

Thursday 12 November, 2015
ICC, Birmingham

Suitable for secondary school colleagues, in particular head teachers and senior leaders, subject and department heads, data managers and governors.

The conference will provide an opportunity to delve deeper into the new FFT Aspire system for schools, including the new Student Explorer, Collaborate and target setting modules.

Sessions include *Accountability and curriculum change*, *Can education research really help schools improve?* and *Aspire for 2016*.

Breakout workshops include *9-1s, A*-Gs & scaled scores*, *Raising aspiration, improving student intervention* and *Collaborating for success in Aspire*.

You will also hear examples of best practice from schools across England, plus discover the latest cutting edge but practical research from Education Datalab, our new centre of excellence for quantitative research in education.
