

# Back to baseline: a new approach to measuring progress

## The Key Stage 2 Autumn Roadshows for Senior Leaders in Primary Schools

As ever, change is on the horizon and this year's KS2 event will focus on two key challenges facing schools – **the impact of a new baseline assessment on school accountability** and the ongoing issue of **effective tracking and measurement of pupil progress** including a **first look at FFT's new interactive progress tracking tool**.

Alongside this, you will get a first look at the latest 2018 national performance trends along with an exclusive FFT data report for your school. You will also find out about all the latest current and future FFT Aspire developments plus our new plans for providing schools with interactive access to FFT's national research data.

delegate

**FAO Headteachers/SLT/Assessment Leaders**

*Our three-hour roadshow will cover:*

- **National Reception baseline assessment** – A look at the potential impact of the new assessment arrangements. **Includes an exclusive FFT 'Early impact assessment report' for each school looking at progress from EYFS to KS1 and KS2.**
- **A new way to measure and track progress** – A first look at FFT's new pupil progress tracking and data exchange tools which will be available in Aspire for primary schools by the end of 2018.
- **2018 national results analysis** – An analytical overview of this year's results.
- **2018 FFT KS1 scaled score project** – For the first time this year, FFT are planning to collect KS1 pupil level scaled scores directly from schools in order to provide an extended KS1 school analysis. See the outcomes of our findings.
- **ASP and IDSR update** – An overview of the latest new reports and analyses for schools in ASP and IDSR.
- **FFT Aspire developments** – A chance to see all the new 2018 developments for schools in Aspire along with our roadmap for 2019.
- **FFT Research plans** – Come along and find out about our exciting new plans for bringing FFT Aspire and FFT Education Datalab closer together.

# Unpacking 9 to 1: a new approach to measuring progress

## The Key Stage 4 Autumn Roadshows for Senior Leaders in Secondary Schools

This year's Roadshow will focus on two key challenges facing schools – **the impact of the new 9-1 GCSEs** and **the effective tracking and measurement of pupil progress** including an **early look at FFT's new interactive progress tracking tool**.

Alongside this, we will review the latest 2018 national KS4 and KS5 performance trends and provide you with an exclusive roadshow report for your school. You will also find out about all the latest current and future FFT Aspire developments plus our new plans for providing schools with interactive access to FFT's national research data.

**FAO Headteachers/SLT/Assessment Leaders**

Just  
**£99**

delegate

*Our three-hour Roadshow will cover:*

- **9-1 GCSEs** – 2018 is the first year of 9-1 GCSEs results for most subjects and we will be taking a look at the impact on school performance, entry patterns and national trends.
- **A new way to measure and track progress** – With most pupils in secondary schools now having KS2 scaled scores, we will show you how you can measure progress for all pupils. You will get an early look at FFT's new Aspire Data Exchange and Pupil Tracking systems.
- **Key Stage 5** – A look at FFT's new Key Stage 5 reports for schools in Aspire.
- **2018 national results analysis** – An analytical overview of this year's KS4 results for Attainment 8, Progress 8 and beyond. What are the key messages?
- **ASP and IDSR update** – An overview of the latest reports and analyses in ASP and IDSR.
- **FFT Aspire developments** – A chance to see all the new 2018 Aspire developments for secondary schools and our roadmap for 2019.
- **FFT Research plans** – Come along and find out about our exciting new plans for bringing FFT Aspire and FFT Education Datalab closer together.
