Forecast methodology for Bingley 1

The need for primary school places depends on the local child population. Key factors in the forecast are the number of births and children registered with the Health Authority in an area, migration in and around the District and movement of families into new housing developments.

The take up rate of 97% is applied to the health data and the table below shows the calculated number of Reception places required for Bingley 1 residents in the coming years.

Year of reception intake	2022	2023	2024	2025	2026
Calculated places required	205	200	179	188	181

In addition to these figures, forecasts incorporate trends for children attending schools outside of their local planning area. For Bingley 1, the highest number of children coming in are from Shipley 2; the highest number attending elsewhere go to schools in Bingley Keighley. Historically, very few children have attended schools here from outside of the District.

Forecasts and historic accuracy

The tables below contain forecast data submitted to the DfE as part of the annual Schools Capacity (SCAP) return. The grey column shows the comparison (accuracy) of last year's forecast with the (actual) number of pupils on roll at the schools at the January school census.

Reception:

Year	2021	2022	2023	2024	2025	2026

Reception to Year 6:

Year	2021	2022	2023	2024	2025	2026
Total Capacity	1995	1995	1995	1995	1995	1995
Forecast	1756	1697	1648	1566	1523	1483
Surplus	239	298	347	429	472	512
% Surplus	12.0%	14.9%	17.4%	21.5%	23.7%	25.7%
Actual	1756	-	-	-	-	-
Difference	0	-	-	-	-	-
Accuracy	100%	-	-	-	-	-

Note that a PAN decrease does not automatically affect the net capacity of the school. Total Capacity, as calculated above, is based on the capacity of the buildings and will only be amended if significant changes are made to the use of space. Capacity here is therefore the maximum number of potential school places; however, the maximum deliverable places in any year will be dependent on factors such as the number of classes schools are staffed to teach.

Planned / possible action

Forecasts for this planning area show a significant level of surplus places.

A PAN reduction is required in this planning area. The Local Authority has advised all schools of this forecast and is liaising with all parties to determine which setting or settings would be the most appropriate to consider a reduction for
