

West 1 Primary School Planning Area

There are three primary schools in West 1, two of which have nursery provision. The area is suburban mainly covering Clayton.

School name	School Type	Multi Academy Trust (MAT)	Published Admission Number (PAN)	Nursery provision
Clayton St John C of E Primary School	Academy	Bradford Diocesan Academies Trust	60	Yes
Clayton Village Primary School	Academy	Pennine Academies Yorkshire	30	No
St Anthony's Catholic Primary School, A Voluntary Academy	Academy	Blessed Christopher Wharton Catholic Academy Trust	30	Yes

Map showing primary schools in the West 1 planning area:

Historic numbers of pupils in West 1

The table below provides historical information on the total number of reception places available (PAN) and number of reception pupils on roll. The total number of school places available is shown against the total number on roll (NOR) to give an overall number and percentage of surplus places (shown as a minus where there is a shortfall).

Year	PAN	Pupils in reception	Spare reception places	Total Places	Total NOR	Surplus places	% Surplus places
2016	120	113	7	825	835	-10	-1.21%
2017	120	116	4	840	826	14	1.67%
2018	120	111	9	840	831	9	1.07%
2019	120	117	3	840	841	-1	-0.12%
2020	120	111	9	840	814	26	3%
2021	120	99	21	840	772	68	8.10%
2022	120	108	12	756	840	84	10.00%

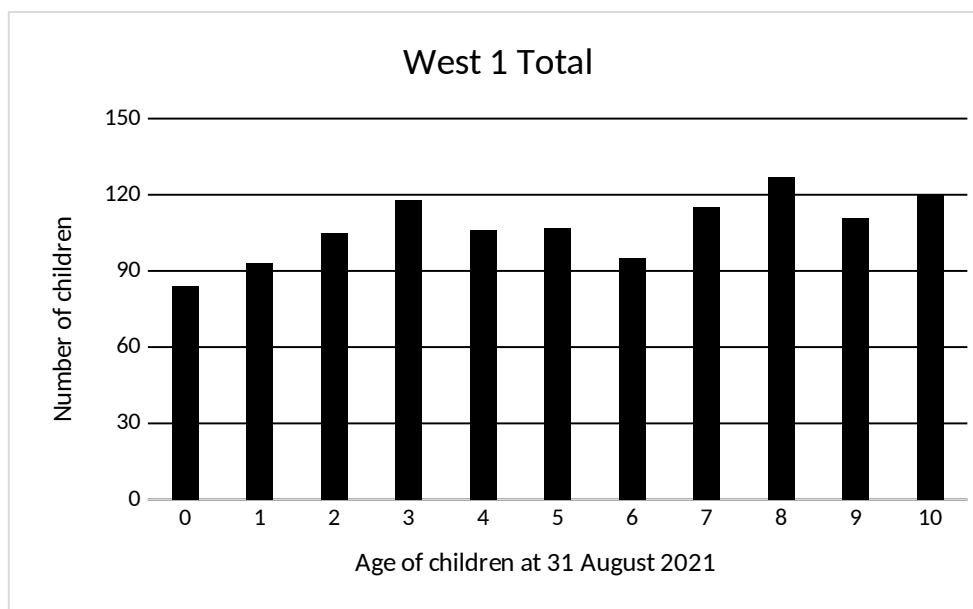

Historic changes and academy conversions

- Clayton C of E Primary changed their name to Clayton St John C of E Primary School prior to converting to academy status under Bradford Diocesan Trust in October 2017.
- St Anthony's Catholic Primary converted to academy status in May 2020 under the Blessed Christopher Wharton Catholic Academy Trust.
- Clayton Village Primary School converted to academy status in April 2022 under Pennine Academies Yorkshire (PAYMAT).

Health Authority Data for West 1

The number of children recorded in the January 2022 data received from the Health Authority is shown below:

Age at 31 August 2021	0	1	2	3	4	5	6	7	8	9	10
West 1 Total	84	93	105	118	106	107	95	115	127	111	120
Reception Intake Year	2025	2024	2023	2022	-	-	-	-	-	-	-
Year 7 Intake Year	2032	2031	2030	2029	2028	2027	2026	2025	2024	2023	2022

Forecast methodology for West 1

The need for primary school places depends on the local child population. Key factors in the forecast are the number of births and children registered with the Health Authority in an area, migration in and around the District and movement of families into new housing developments.

The take up rate of 97% is applied to the health data and the table below shows the calculated number of Reception places required for West 1 residents in the coming years.

Year of reception intake	2022	2023	2024	2025	2026
Calculated places required	116	102	91	89	87

In addition to these figures, forecasts incorporate trends for children attending schools outside of their local planning area. For West 1, the highest number of children coming in have been from South West 3; the highest number attending elsewhere have gone to schools in South West 4. Historically, children attending schools here from outside of the District have not been a factor in the forecast for this area.

Forecasts and historic accuracy for West 1

The tables below contain forecast data submitted to the DfE as part of the annual Schools Capacity (SCAP) return. The grey column shows the comparison (accuracy) of last year's forecast with the (actual) number of pupils on roll at the schools at the January school census.

Reception:

Year	2021	2022	2023	2024	2025	2026
PAN	120	120	120	120	120	120
Forecast	109	110	108	97	91	87
Surplus	11	10	12	23	29	33
% Surplus	9.2%	8.3%	10.0%	19.2%	24.2%	27.5%
Actual	99	-	-	-	-	-
Difference	10	-	-	-	-	-
Accuracy	89.9%	-	-	-	-	-

Reception to Year 6:

Year	2021	2022	2023	2024	2025	2026
Total Capacity	840	840	840	840	840	840
Forecast	793	756	740	716	698	675
Surplus	47	84	100	124	142	165
% Surplus	5.6%	10.0%	11.9%	14.8%	16.9%	19.6%
Actual	772	-	-	-	-	-
Difference	21	-	-	-	-	-
Accuracy	97.3%	-	-	-	-	-

Note that a PAN decrease does not automatically affect the net capacity of the school. Total Capacity, as calculated above, is based on the capacity of the buildings and will only be amended if significant changes are made to the use of space. Capacity here is therefore the maximum number of potential school places; however, the maximum deliverable places in any year will be dependent on factors such as the number of classes schools are staffed to teach.

Planned / possible action

The Local Authority will continue to monitor the number of children and parental preference in this planning area.

There has been a steady decline in the number of younger children living in this planning area. As a result, and coupled with the small number of schools serving this area, options to address the surplus places here are limited until they reach a point that allows a PAN reduction. A reduction may be required in 2025, however, the impact of local housing developments will continue to be monitored.
