

# Mathematics Coordinators Network Meeting Summer 2014

New curriculum special delivered by Mark Hattersley & Philipa Varley

The main focus of the day will be to equip subject leaders with necessary tools for their school to deliver the new curriculum.

This will include: -

- Using 3D printers to enhance understanding in your school
- Developing conceptual understanding of decimal numbers
- The way forward – what do you want your curriculum to look like?

Examples to explore

- The future of assessment – where next?
- KS1 and KS2 testing changes
- Sharing models of best practice

As usual the resources and presentations used on the day will be available for coordinators to use in their own schools.

Dates:

- **16.06.2014**
- **19.06.2014**
- **23.06.2014**
