

UNLOCKING MATHEMATICS FOR SEND CHILDREN Eldwick Primary School

Sharon Day (outstanding Maths consultant) will be leading the project

Understanding what numbers are and what they mean is crucial to mathematical development. This course will take a look at dyscalculia (still in its infancy of our knowledge of it) and other cognitive difficulties which can get in the way of children understanding numbers. Delegates will be expected to take the learning acquired (during the course) back into school and be involved in some action research with specific children in their care, feeding back to other colleagues on the course in order to promote a collaborative working relationship.

We will look at how to:

- Promote the conservation of number in children who are experiencing difficulties with this
- Use subitising as a means to develop visualisation
- Explore a range of manipulatives and resources to meet identified children's individual needs

There will be opportunities for professional dialogue with colleagues from a variety of settings and the course leader, Sharon Day, will be modelling mathematical learning experiences with children for the delegates to observe.

The intended audience for this course would be: mathematics subject leaders; SEND co-ordinators; classroom teachers and/or learning support assistants/teaching assistants/ HLTAs who have a child (or children) in their class with misunderstandings and misconceptions that they want to investigate further.

The dates are as follows at Eldwick Primary School. Delegates will need to attend all three sessions:

Session 1:	Session 2:	Session 3:
Autumn Term 2017	Autumn Term 2017	Spring Term 2018
Monday 2 nd October 1:30pm – 3:30pm	Monday 27 th November 1:30pm – 3:30pm	Monday 26 th February 1:30pm – 3:30pm

Booking Information

PLEASE NOTE: teachers need to attend all three of their year group workshops across the year

COST: the price for all three workshops is £180 per teacher

BOOKING: to book your place on this course please contact:

Mrs J Presland, Business Manager, Eldwick Primary School

Places are limited so book now to avoid disappointment.
