

City of Bradford Metropolitan District Council (CBMDC) Appropriate Body Agreement for Early Career Teacher (ECT) Induction Services 2022-2023

(Taken from Induction for early career teachers (England) – revised March 2021)

Determining the appropriate body

2.21 Independent quality assurance of statutory induction, through the role of the appropriate body, is important both for ensuring that schools provide adequate support for their ECTs, and that their assessment is fair and consistent across all institutions.

2.22 An ECT cannot start their induction until their appropriate body has been agreed. In the absence of another body acting as appropriate body for a school, the local authority in which the school is situated should be asked to be the appropriate body for that school.

Charging by the appropriate body

2.25 The appropriate body may make reasonable charges (agreed in advance), not exceeding the cost of supplying the service as follows:

- To any maintained school or institution
- To an independent school; an academy; a free school; a city technology college; a BSO; an independent nursery school; or a further education institution to which it is supplying the service

Charges

For the academic year 2022-2023, CBMDC is continuing with the charges as set in the previous year. There is no change.

When registering ECTs, school representatives are required to agree to the terms and conditions of the Appropriate Body agreement online on the ECT Manager system.

The Headteacher's/Principal's digital signature on the registrations constitutes agreement to the charges for the academic year.

All prices subject to VAT where applicable.

Notes

- These charges are for the academic year 2022-2023.
- Mentor training events are charged separately for each event.
- **Should a school convert to academy or free school status during the tenure of this agreement, it is assumed that they will continue to use CBMDC as the Appropriate Body unless CBMDC is otherwise informed, thus negating the need for a new agreement form in the current academic year.**

Charges – all prices subject to VAT where applicable

ECTs completing a term of their induction

1-6 ECTs completing a term in the school	£50 per ECT

ECT Manager data sharing notice

City of Bradford MDC (CBMDC) uses ECT Manager to register all ECTs and gather assessment forms for the same. This is an online system created and managed by Evolution.

In agreeing to use CBMDC as the Appropriate Body, schools agree to permit the sharing of data with Evolution and ECT Manager such as is necessary for the completion of registrations and assessments and not for any other purpose outside that of ECT Induction and the associated statutory requirements.

Schools also agree to the sharing of assessment forms, when ECTs move to new schools, with other schools/Appropriate Bodies as required, in line with statutory guidance.
