

DO YOU PAY
FOR CHILDCARE?

The Government has introduced a new scheme to help parents with their childcare costs

Give yourself a choice. Register for childcare vouchers before it's too late.

Tax-Free Childcare (TFC) works differently to our **childcare voucher scheme**.

Some of you will be better off with TFC, and some of you will save more with childcare vouchers.

If you use (or plan to use) registered childcare, it's worth knowing you can't switch from TFC to childcare vouchers. But you can switch from childcare vouchers to TFC.

Enrol for childcare vouchers before April 2018 and give yourself the luxury of time to work out which scheme is best for you and your family over the long term.
