This is an area of professional practice which recent reviews and audits have highlighted as an area for development.

Come to one of the multi-agency practice sessions to develop your skills and confidence which can also count towards your CPD requirements.

A case scenario will form the basis of multi-agency conversations about risk using current practice methods.

You do not need to book a place but you do need be there for the session start time of 9.30 and to commit to attend for the full 2 hours to make the session a successful learning opportunity for all!
