

Road Safety

Education and Training for
Primary Schools

Pedestrian Sessions

Year 1 and Year 2

Role Play Session

School hall, 30 minutes (approx.)

Key Messages: Holding hands, stop, look, listen, think, using the lollipop person and safer places to cross.

Year 3

Pedestrian Training – Practical on road skills

A teacher led classroom session (film and teacher notes provided), followed by one or two practical sessions a week apart. The practical training takes place in the area around school.

Schools will need to provide at least one adult to help.

Key Messages: Safer places to cross, parked cars and junctions.

Year 4 and 5

Road Safety Quiz

School hall, 30 minutes approx. An interactive 'quiz style' presentation.

Key Messages: Safer Places to cross, becoming an independent road user, and the Green Cross Code.

Year 6

Charlie's Accident

Classroom, 30 minutes approx.

Key Messages: Pedestrian accidents, distractions, consequences of the accident. Who's to blame and who is affected

Parent/Carer Sessions

We are able to offer advice and information sessions for parents. This is beneficial as parents need to reinforce the messages given to children while at school.

Cycling Training

Year 5 and Year 6

Cycling Training

Off road skills based training for Year 5 and 6.

Schools are asked to provide the instructors, who may be teachers, parents, governors or volunteers.

The Road Safety Team will provide training and ongoing support for all instructors.

Year 5 and Year 6

Bikeability

Bikeability training provides the enhanced skills that children and young people need to ride safely on today's busy roads.

Level 1

We learn fun practical cycling skills in the playground.

Level 2

We achieve competence in cycling on local streets and become pedal-ready for today's roads.

We encourage children to bring their own bikes but may be able to provide them in some instances.
