

Resource

0 – 25 Specialist Teaching And Support Service

Resources to support a positioning schema.

Resources to facilitate learning opportunities to position:

	Magnetic shapes, numbers, letters to create patterns or sort into categories.
	Pegs and peg boards to create patterns.
	Range of containers and boxes with different compartments and sections to enable sorting.
	Large range of loose parts for sorting and classifying.
	Range of animals for sorting and classifying.

	Threading beads and laces.
	Dominoes.
	Number lines and number tracks along with multisensory numerals.
	Tyres, milk crates and wooden planks for creating towers, structures and patterns.
	Well stocked creative area with shapes, sequins, feathers, paper and glue for making patterns with.

Things to note:

This resource sheet is part of the Schemas - Positioning Tool Kit.
