

Science Subject Leader Network

Stretch and challenge in the new curriculum

Join us at this opportunity for collaboration with your peers so you can share information and develop as a leader.

Christine Boyd, Science Education Consultant, will help you identify priority issues in teaching and learning and professional development for your teams. You will be able to develop solutions, drawing on the expertise within the group. This strengthening of informal school-to-school support will create an effective network of information, advice and guidance.

Whether you have already attended previous network meetings or are new to the network, you are very welcome to attend.

Book now at www.slcs.ac.uk/RP219, call us on 0114 225 4891 or use the form overleaf.

Outcomes and details

You will:

- ▶ Work collaboratively to identify priorities in science teaching and learning and in science-specific professional development for your teams
- ▶ Share and develop strategies to tackle these issues, drawing on expertise as needed from outside the network
