

Secondary: Impacting on Transition in Mathematics

Messages from the national mathematics lead Jane Jones HMI

Outline

This full day course will give colleagues an opportunity to hear the most up-to-date developments in the ever changing world of mathematics which will impact on the educational outcomes of all pupils.

In the morning the national lead for mathematics, Jane Jones HMI will share key messages and good practice around transitions from schools nationally. This will include transitions between key stages and mathematical topics. The afternoon will allow delegates to reflect on the morning and consider effective strategies that will support and accelerate the outcomes of year 7 pupils who did not reach the expected standard at the end of year 6.

Description

Jane Jones HMI will challenge delegates with a thought provoking morning session which will reflect on existing beliefs and practices surrounding current leadership, teaching and learning and transition arrangements, which include practices not only from year to year, but also from topic to topic.

In the afternoon delegates will be trained by experienced consultants who have a wealth of experience of strategies that have had impact both locally and nationally. They will be supported to plan for their new year 7 cohorts to ensure that they are ready for the KS3 maths curriculum.

Head teachers and senior leaders are encouraged to attend the HMI Jane Jones morning session by booking course code 1119-0617-T019.

Outcome

Course participants will:

- hear key messages and information relating to mathematical developments locally and nationally;
- gain an awareness of primary assessment;
- improve an understanding of the strategies and support that pupils below age related expectations may have experienced;
- to prioritise and analyse the barriers to the pupils understanding; and
- consider teaching and learning and intervention strategies which will accelerate progress.

Date & time:

20 Jun 2017 08:45 - 15:30

Venue:

Pudsey Civic Hall
Dawsons Corner
Pudsey
LS28 5TA

Trainer(s):

Jane Jones HMI Liz Smith

Additional information:

Parking is available in the car park.

Audience: Subject leaders of mathematics, KS3 leaders of mathematics, mathematics Intervention leaders, Year 7 mathematics teachers

Cost SLA Schools: £110 per delegate

Cost non-SLA Schools: £125.00 per delegate

Transition advanced package schools have one prepaid place

Sign up deadline:

19/06/2017

Course code:

1119-0617-T001
