

# Settings

The Learn and Play team will support educational settings to link good Autism practice and the SCERTS framework to Early Years principles.

## Learn and Play will work with settings to:

- Provide hands on experience for your staff team in our Learn and Play nursery.
- Understand SCERTS assessment and targets for individual children.
- Deliver training to SENCOs and key workers.

# Children

## Each child will:

- Learn within a calm and purposeful environment.
- Experience a holistic approach to learning which supports the development of transferrable skills which can encourage learning both at home and within their educational setting.
- Engage in strategies which develop communication and interaction skills.
- Access support from specialist teachers and other professionals within education and healthcare.
- Achieve and celebrate successes and have fun.

Attending Learn and Play will not affect children's entitlement to 15 hours of free nursery education funding per week.

Learn and Play will work collaboratively with settings to support children's needs.

# Families

## Learn and Play will:

- Help develop more understanding of communication and interaction needs.
- Deliver a bespoke training programme, which will provide support strategies to aid learning, communication and interaction.
- Support understanding of the SCERTS framework (Social Communication, Emotional Regulation, Transactional Support).
- Collaboratively complete an individual assessment using the SCERTS framework to develop learning targets.
- Provide access to support from specialist teachers and other professionals within education and healthcare.

**"I feel my child, her keyworker and myself have benefited immensely and have learned solid skills to take away with us"**

Each family will access Learn and Play sessions for up to a term and a half.

Parents/Carers will provide their own transport and will be expected to attend all sessions with their child.
