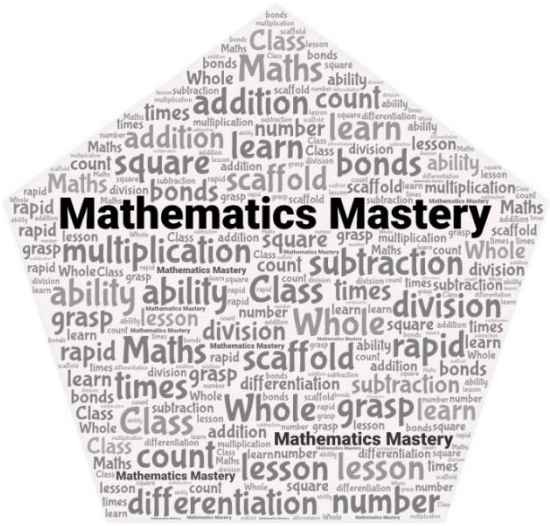
Sharon Day Maths



# Whole Class Mathematics Teaching

*Hosted by Eldwick Primary School and led by Sharon Day*

2018 – 2019

Mathematics Mastery involves children working together 'at broadly the same pace'. It also requires us to develop a 'can do' attitude to maths. This can feel to be a very different way of working for some schools and some teachers, particularly if there has been a history of setting or 'ability group' working in classrooms. This course, created by Sharon Day with a no-nonsense, easy to implement approach, will show you how to:

- ✓ create lessons, that interlink, through units of work, utilising a 'low threshold, high ceiling' approach
- ✓ explore the use of 'top teacher, perfect pupil' (similar to 'little teacher' used in Singapore)
- ✓ look at how to challenge the 'rapid graspers' whilst not leaving the children who need longer to grasp concepts behind
- ✓ think about scaffolding as opposed to 'differentiation'

It will include a demonstration of teaching and give you opportunities for reflection.

| Sessions | Date | Time |
|---|---|---|
| Session 1 | Tuesday 11th September | 1:30 – 3:30 pm |
| Session 2 | Tuesday 30th October | 9:30 am – 2:30 pm (lunch will be provided) |

## Booking Information

**COST:** the cost of this course, for both sessions, is £175.

**Book:** your place on this course please contact:

Mrs J Presland, Business Manager, Eldwick Primary School

Places are limited so book now to avoid disappointment.
