

Working Parent Entitlements Key Updates	4	06.02.2024
--	----------	-------------------

- **Temporary Working Parent Entitlement codes**

We sent a letter out to you all on 23rd January from the DfE explaining the use of temporary codes for some parents for the Summer term.

HMRC have confirmed that temporary codes will begin 11 (regular codes begin 50).

Both codes can be checked in the Early Years Provider Portal in the same way.

If a parent receives 2 codes (one beginning 11 and one beginning 50) please ensure that the 50 code is used for the claim where possible.

- Please continue to direct parents to the childcare choices website for more information and to apply for their codes: <https://www.childcarechoices.gov.uk/>
- If parents are experiencing issues with their application, they can contact the dedicated HMRC Parent Helpline: 0300 1234 097
- The 2024/25 **Funded Hours Parent Agreement Form** is available now on our BSO page.
Guidance for completing the Parent Agreement form is available through a short 10 minute eLearning session on Skills4Bradford: <https://skills4bradford.co.uk/T219198>
